The Star and Hersital says: The facts concerning the Thompson grant may be briefly stated. On the third of March, 1866, Gen. Mosquera, then the Celumbian minister in London, signed a contract with A. W. Thompson, in the name of the Improvement Company of Chiriqui, founded in Philadelphia for the purpose of establishing a line of steamers in the Atlantic and Pacific. The project also included the construction of a railroad or macadamized road from Bocas Del Toro to Costa Rica, from the Atlantic to the Pacific Ocean. Upon the completion of the railroad or macadamized road the company would have a grant of 150,000 acres of land, to be divided in equal lots for colonization, the Government and company to possess alternate plats. Provision was made for the annulment of the contract if not carried into effect in 1837. It is patent to all on the The Star and Herald says: The facts con-

The Democratic State Committee this afternoon to fix the time and place for holding the State convention. The formal call was adopted for sending delegates to the left vacant. The call sets forth that the object of the State convention was to choose delegates to represent the State in the Democratic National Convention at Cincinnati. The substitute which had been offered for this was defeated. This substitute designated the city of Utica, as the place, on the 9th of June. It declared forgotten, in order that all might unite in commended that the Irving Hall organization and Tammany Hall body should unite and jointly elect delegates to the State convention, and assert her recommendation that no delegates be received from this city by the State convention, who should represent the organization which refused to accede to this recommendation when the other organization in that district would have shown itself
